Pre-Sized Product Listing January 2016

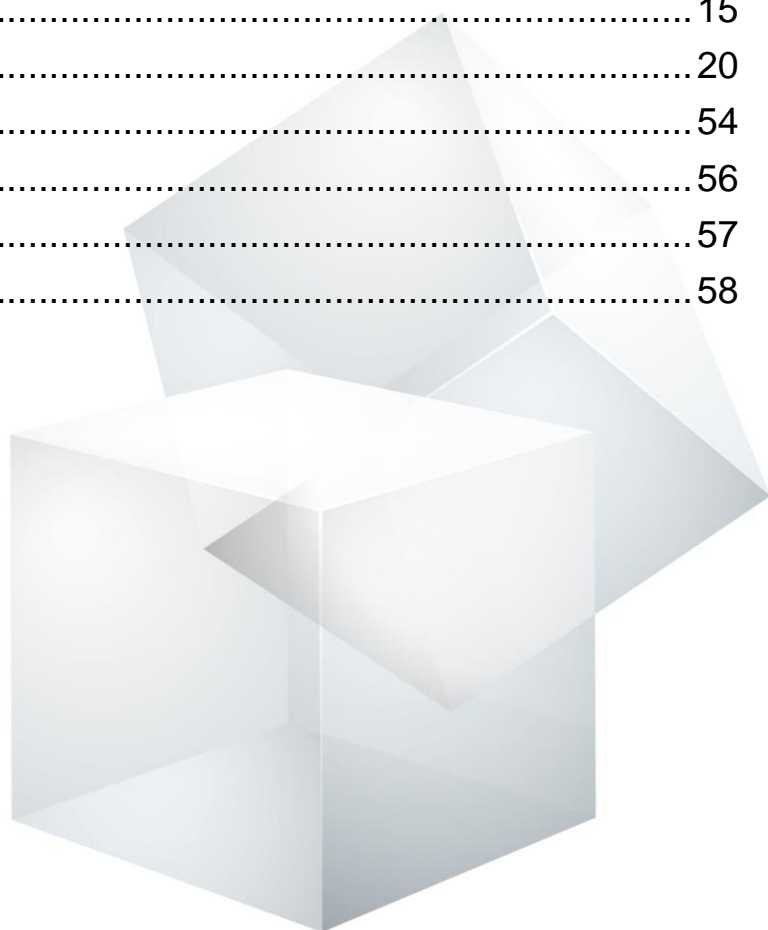

Introduction

This catalogue is a listing of our current range of pre-sized boxes and lids, cartons, cake bands and other products we manufacture. New tools are added on a regular basis so if the size you're looking for doesn't appear then please contact us with your exact requirements. We also have a large number of self-assembly lids, discs, envelopes, pouches and sleeves. Our tooling is not complex to produce and therefore we can usually respond quickly to your specific needs.

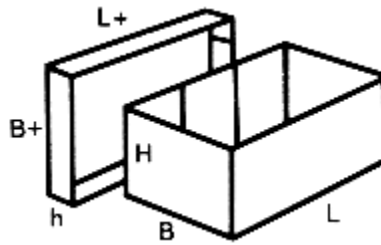

When making enquiries about products listed here please quote the relevant size information and the tool number.

Table of Contents

Introduction.....	2
